# Solar Smart Bike

**01** Street furniture

**02** Smart home & app

**03** Containers & cabins

[www.adlissmart.com](http://www.adlissmart.com)

# “To reinvent the future, we must all work together.”

Aaron Donadey — CEO, ADLIS / WEIYIN Corporation

New technology is where the future starts. We keep communication simple and build individual solutions for every client — our concepts come from imagination and common sense in equal measure.

From the first sketch to the finished product we run the whole process in-house — planning, 3D / AR / VR / CAD design, prototyping and manufacture. Bring us your idea and we will build it.

**01** Smart street furniture

**02** Smart home products & app

**03** Smart containers & cabins

# Make your city think on your behalf.

Every product connects to the ADLIS integrated management system, powered by the NVIDIA Jetson AI box — one dashboard for sensors, screens, charging and maintenance.
