

GITEX Dubai.

Our stand, our team and the smart city products we presented at GITEX Global.

ADLIS Smart at GITEX Global, Dubai.

At GITEX Global in Dubai, ADLIS Smart presented its solar smart street furniture and the ADLIS AI Smart City Platform to visitors from across the Middle East and the world.

On our stand and in the outdoor display area, guests tested our benches, tables, kiosks and shelters, and met our team to discuss projects for their cities.

Thank you to everyone who visited us. Here are some of the best moments.

EVENT

GITEX Global 2023

VENUE

Dubai, United Arab Emirates

ON SHOW

Solar smart street furniture · AI Smart City Platform

AREAS

Indoor stand · Outdoor display

01 Our stand

A bright, open stand where every product could be used and tested.

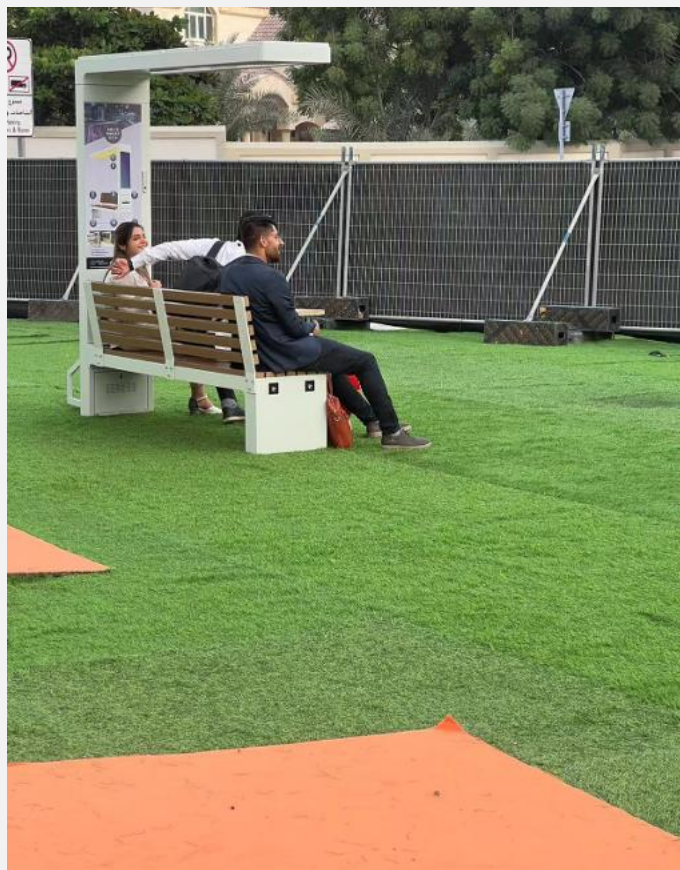

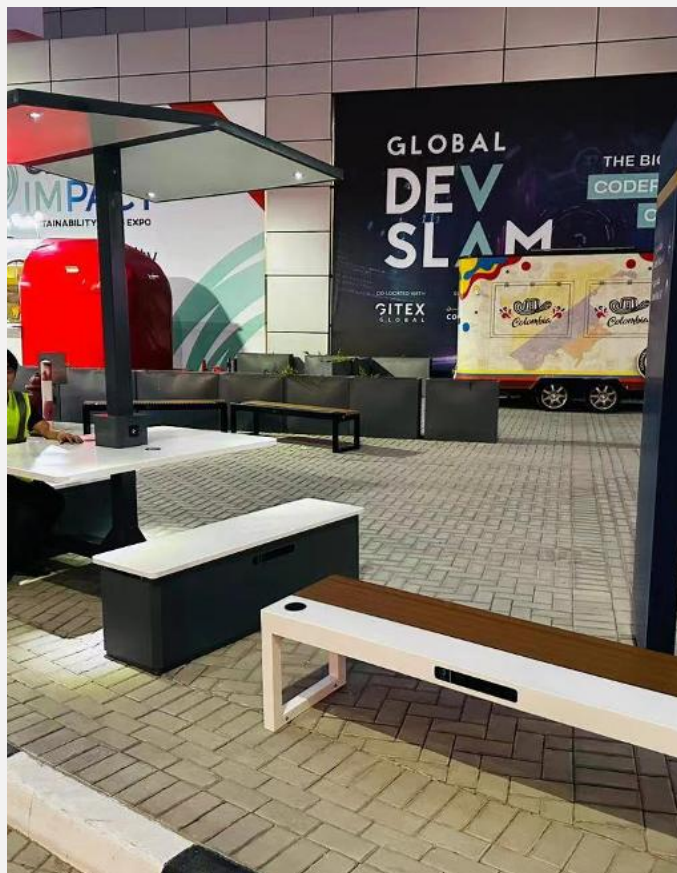

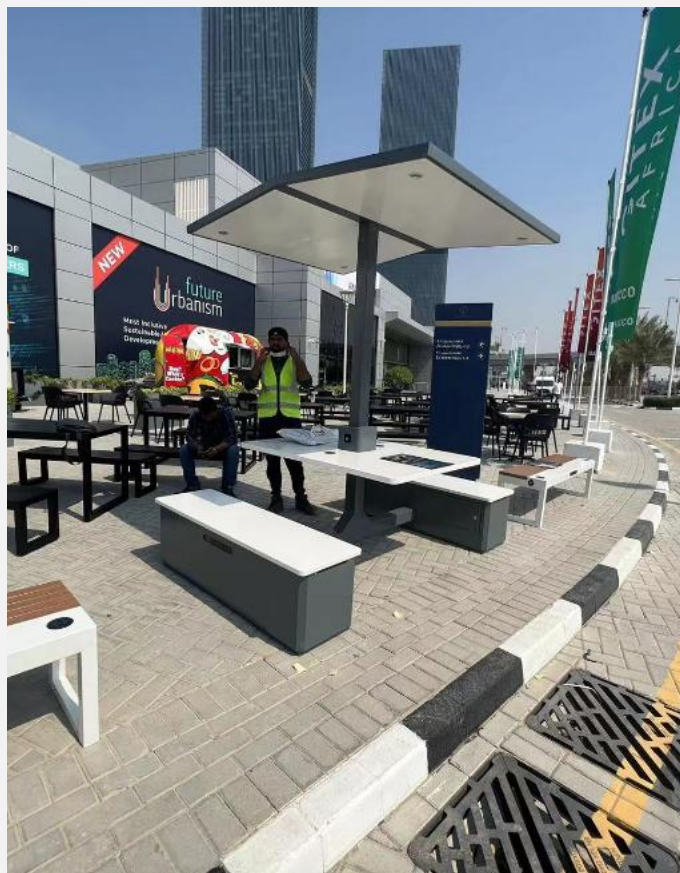

01 Our stand
