“To reinvent the future, we must all work together.”

Aaron Donadey — CEO, ADLIS / WEIYIN Corporation

New technology is where the future starts. We keep communication simple and build individual solutions for every client — our concepts come from imagination and common sense in equal measure.

From the first sketch to the finished product we run the whole process in-house — planning, 3D / AR / VR / CAD design, prototyping and manufacture. Bring us your idea and we will build it.

01 Smart street furniture

02 Smart home products & app

03 Smart containers & cabins

Make your city think on your behalf.

Every product connects to the ADLIS integrated management system, powered by the NVIDIA Jetson AI box — one dashboard for sensors, screens, charging and maintenance.

01 Smart street furniture	02 Urban zones
03 Kiosks & containers	04 Smart bus shelters
05 Smart app	06 NVIDIA Jetson AI box

Solar Smart Watergen

CATEGORY 15 · 22 MODELS

Street furniture with a built-in Watergen unit that makes clean drinking water from the air.

Standard dimensions can be changed; custom sizes carry an extra engineering cost.

WYC1808-WG

Material	201 stainless steel + WPC wood
Size	230 × 60 × 45 cm
Solar / battery	—

WYC1812-WG

Material	201 stainless steel + WPC wood
Size	230 × 140 × 237 cm
Solar / battery	400W · 12V / 110AH

WYC1821-WG

Material	201 stainless steel + WPC wood
Size	222 × 222 × 45/75/217 cm
Solar / battery	400W · 12V / 110AH

WYC1853-WG

Material	201 stainless steel + WPC wood
Size	220 × 220 × 222.5 cm
Solar / battery	300W · 12V / 110AH

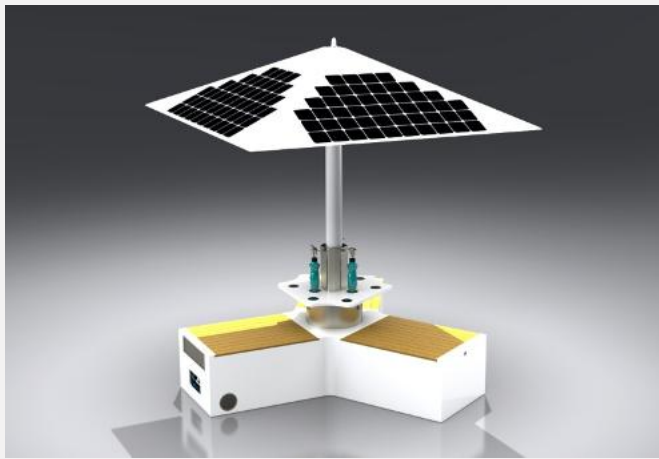

WYC1916-WG

Material	201 stainless steel + WPC wood
Size	203 × 68.6 × 309 cm
Solar / battery	135W · 12V / 55AH

WYC1920-WG

Material	201 stainless steel + WPC wood
Size	200 × 60 × 220 cm
Solar / battery	180W · 12V / 55AH

WYC2014-WG

Material	201 stainless steel + WPC wood
Size	214 × 214 × 245 cm
Solar / battery	504W · 12V / 110AH

WYC2105-WG

Material	Stainless steel 316 + WPC WOOD
Size	90 × 49 cm
Solar / battery	—

WYC2106-WG

Material	201 stainless steel + WPC wood
Size	140 × 72 × 47 cm
Solar / battery	—

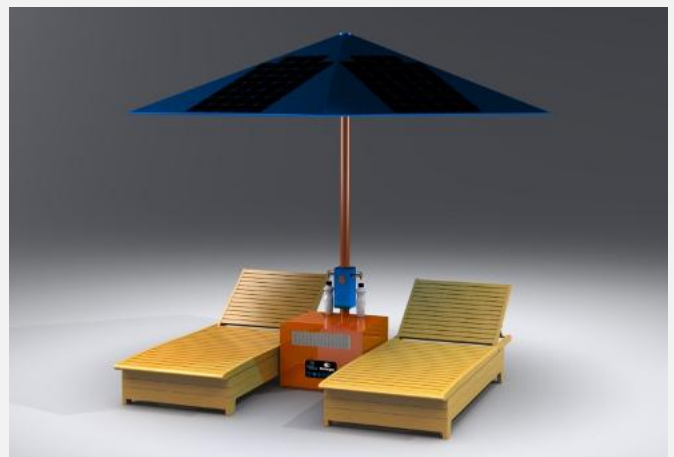

WYC2107-WG

Material	Stainless steel 316 + WPC WOOD
Size	62.5 × 60 × 49 cm
Solar / battery	—

WYC2108-WG

Material	Stainless steel 316 + WPC WOOD
Size	62.5 × 60 × 49 cm
Solar / battery	270W · 12V / 110AH

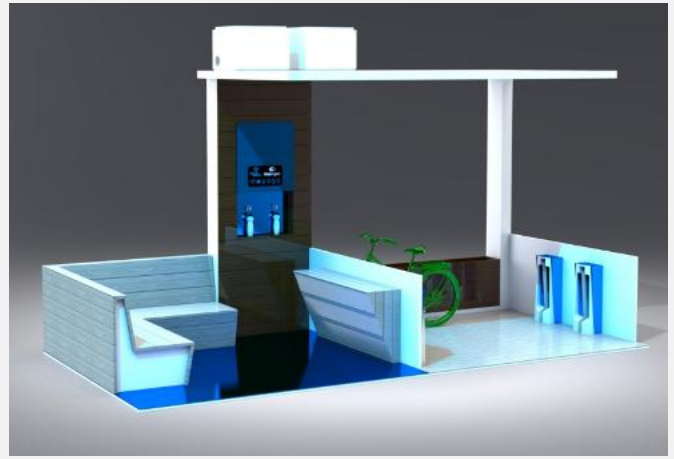

WYC2111-WG

Material	ALUMINIUM + WPC WOOD
Size	—
Solar / battery	216W · 110AH

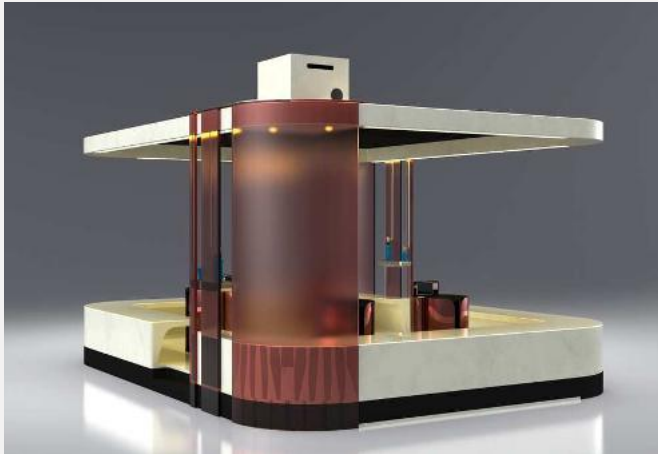

WYC2210-WG

Material	201 stainless steel + WPC wood
Size	D- 175cm, H- 50/238cm
Solar / battery	360W · 12V / 110AH

WYE1804-WG

Material	201 stainless steel + WPC wood
Size	560 × 280 × 250 cm
Solar / battery	800W

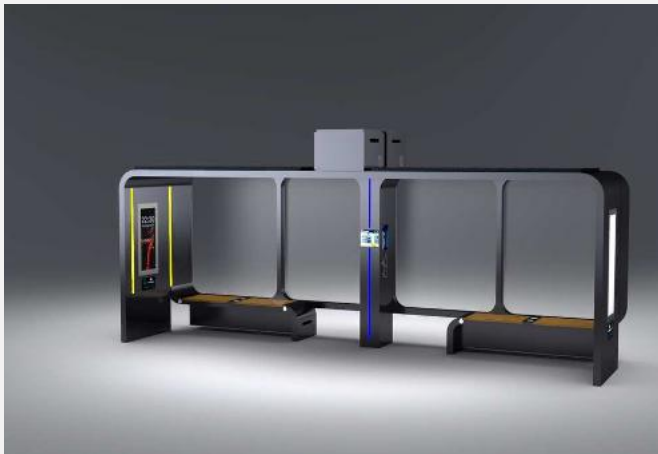

WYE1810-WG

Material	201 steel + aluminium composite
Size	450 × 430 × 270 cm
Solar / battery	840W · 12V / 300AH

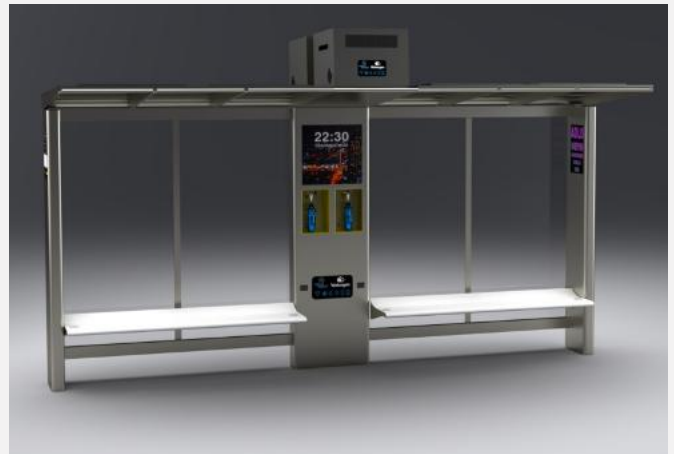

WYF1890-WG

Material	201 stainless steel + WPC wood
Size	—
Solar / battery	144W · 12V / 55AH

WYS1818-WG

Material	201 steel + tempered glass
Size	600 × 110 × 222 cm
Solar / battery	840W · 12V / 300AH LifePO4/Lithium

WYS1821-WG

Material	201 steel + tempered glass
Size	480 × 150 × 248 cm
Solar / battery	420W · 12V / 200AH

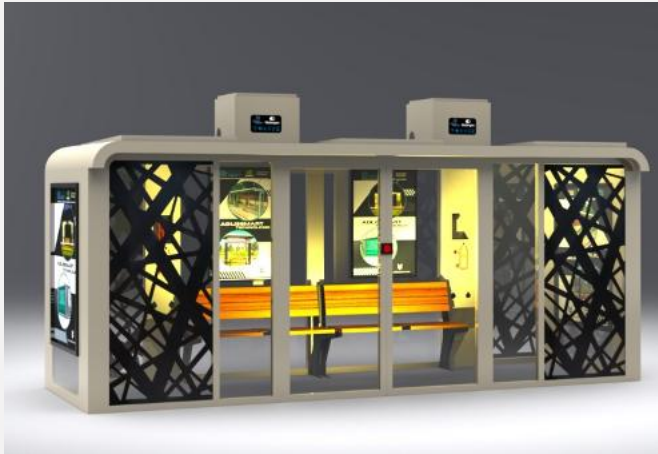

WYS1822-WG

Material	201 steel + tempered glass
Size	300/400 × 180 × 253 cm
Solar / battery	420W · 12V / 200AH

WYS1826A-WG

Material	201 steel + tempered glass
Size	400 × 150 × 230 cm
Solar / battery	420W · 12V / 300AH

WYS1826B-WG

Material	201 steel + tempered glass
Size	600 × 150 × 230 cm
Solar / battery	840W · 12V / 300AH

WYS1826C-WG

Material	201 steel + tempered glass
Size	800 × 150 × 230 cm
Solar / battery	1260W · 12V / 400AH

We create, manufacture & evolve.

It is not just doing business — it is joining a group of people who care about their partners. Become an official distributor of Solar Smart products and build a better future with us.
